They only get this batta before because of
the other high prices.
They get compensation at the rate of the
places in which they served
the high prices do not increase greatly affecting them.
They are not entitled L Batta : Mysore
I do not see why Govt should pay this
the work is only what they may fairly expect
What do you think ?
If batta is paid we should have one rate
all over Mysore. because as I said above
the compensation practically equalises
all places. as regards cost of living

please give up opinion NB 24/11
according to Govt they are not entitled to
batta for working within the Boundary of
Mysore, and. That is a principle and the men
of the Travancore Superintendence
joined and were appointed to keep up his
establishment - I think this should be
worked up this men supplied in any way
from amount of pay as the
and in other parts of Travancore and Cochin
